2011 Annual General Meeting

On the 27th of September our AGM meeting was held, for the first time on the resort. And we had a few more owners attend than usual. We held the meeting onsite this year to try to generate more interest as well as to give more members the ability to attend this annual event. Many questions were addressed and it was well understood by all that the management of the Club is looking after owners interests by not accepting weeks back from owners. The members agreed to approve the Resolution offered by the Committee. Minutes will be sent shortly to all members.
